

VICKIE GAY

NSAC Certified Medium

INTERNATIONALLY RENOWNED PSYCHIC MEDIUM

TESTIMONIAL

"Vickie Gay's reading was a literal spiritual awakening for me. She connected me to my beloved fiancé who had passed only 2 weeks when I found her. I am very skeptical about things science can't explain. I would accept no ambiguity. I was shocked when the reading Vickie delivered left no room for disbelief. Within the first 2 minutes she took on my love's words and tone she apologized in the first person "I am so sorry we did not make it to the altar." We were to be married in 3 months. I made no mention of who I was looking for she did not see me in person and did not know my age or anything about me. Upon opening the reading she told me to tell her nothing, that information only interferes with the connection and a true medium making a connection only needs your permission. She then gave an accurate description of the accident again in the first person it matched the police report perfectly. The reading only got better from there. Vickie's reading brought Vern directly to me. I was so amazed that Vern's consciousness survived death it sent me on an exploration for which I am writing a book to share my findings with others seeking answers. I received 26 readings only 4 of them made connections and Vickie was by far the most powerful. She brought out my man's emotion, confusion, pain, love, and much more. I cannot express my gratitude for what your gift has done for me.
